AUDITORS' REPORT.

We have examined the ledgers showing the accounts with the various depositors in the Savings Bank of South Australia, and have also examined the entries in the general ledger, and compared them with the vouchers produced before us, and we certify that the above is a correct abstract of the accounts for the twelve months ending June 30th, 1900. We have also counted the cash and inspected the Government bonds, mortgage deeds, and other securities held by the bank, and find that they confirm the above statement of accounts. We have also compared all the depositors' passbooks exhibited to us, as stated below, with the ledger accounts, and hereby certify them correct. We have also checked the interest calculations on 1,103 accounts.

N.B.—The reason of so few discharges of bills of sale, &c., being registered is mainly owing to the difficulty of proving the certificate of satisfaction as required by the Act (No. 8 of 5th Vic.), viz., the acknowledgment by the mortgagee of his signature to the certificate of satisfaction or proof of execution by said mortgagee by one of two witnesses upon affidavit before the Registrar-General or his deputy. For this reason the greater portion are allowed to lapse.

* Rated according to acreage. ** This includes £5,273 17s. 9d. for pumping from the River Broughton for Beetaloo District. † A rental of £80 per annum is charged to Beetaloo Waterworks for use of Crystal Brook head station. †‡ Supplied from springs and creek. ‡ Supplied from Teatree Gully Head Works. ‖ Includes £7,553 2s. 7d., cost of old works. ¶ Leased. (*b*) Supplied from Springs. (*c*) Crystal Brook—The increase in percentage of profit was caused by the Railway Department taking a very large quantity of water from these works in consequence of the short supply at Gladstone and Port Pirie. As soon as the supply is assured at the latter places the excess consumption at Crystal Brook will be greatly reduced.
